Tariff Act and New Grain Act Are Ready For Third Reading.

GRAIN BILL IS ONE UP LAST SESSION

Public Ownership of Telephones Is Discussed in The Evening.

Ottawa, Feb. 29.—The two most important bills which have engaged the attention of parliament during the session were practically disposed of at the Thursday session.

Mr. W. T. White's bill to establish a permanent committee was put through the committee stage and new stands for third reading.

An amendment for the purpose of Opposition have strenuously fought, was accepted at the last moment.

Mr. George E. Foster's grain act after it has been discussed day after day in committee, was reported back to the House on the 29th.

This was the bill which was passed by the Senate last week and which Mr. Frank Oliver introduced just on the eve of dissolution.

It was not proceeded with. This bill has been considerably changed, more especially in respect to the clause regarding the distribution of duties.

An amendment to the bill, which provided that the committee should be established for the purpose of the establishment of sample grain markets at Winnipeg, Port William and Port Arthur.

At the evening session, J. B. Aronson (East Linton) on the motion to go into committee, made a speech in favor of further reduction in the duties on grain.

After the usual list of questions had been asked and answered, the House went into committee on the grain act.

The amendment of Mr. W. T. White to the effect that the clause that provides for the purchase of the railroads by the Government of public or private elevators be widened so as to cover the interest in the grain elevator was lost on division.

Mr. Knowles introduced the consideration of the committee report on amendments to clause 175, all designed to make more stringent the duties on grain so far as it affects the country from the terminal elevator system.

## ELEVATOR MEN CHEAT FARMERS OUT OF CARS

Sensational Prosecutions Are Expected as Result of Investigations by Grain Exporters Now Touring Southern Alberta.

Leithridge, Feb. 28.—According to letters compiled by Geo. H. Orange, grain expert, who is now touring Southern Alberta, representing the millers, the elevator men have been seriously threatened as regards their cars which have been taken out of the farmers will be obliged to handle the 1912 crop, which is about to be harvested.

From an examination of twenty-one stations scattered throughout the province, Mr. Orange finds 1801 cars short on order books, a circumstance which is due to weather. More than one-half of the grain will be to be threshed in some places, a circumstance which is due to weather. More than one-half of the grain will be to be threshed in some places, a circumstance which is due to weather.

Taking an average of the 21 places the commissioner has visited, he found that the elevator men have taken out of the farmers will be obliged to handle the 1912 crop, which is about to be harvested.

AROUND THE CITY

LOCAL

Captain J. C. Mills, in charge of the Alder's Day, is expected to pass through the city yesterday on his way to Vancouver, B. C., where he will inspect boats for the company which he is in charge of.

The city police force is on the lookout for a man who attacked the stationer J. R. McKeown, charged with beating a waitress at the Scotch bar, where he was. The check was made out on the McKeown bar, where he was. Love & Cameron, coal dealers, Mr. Love has declared the check a forgery. The check, which amounted to \$15.50, was cashed by the clerk at the hotel.

The initial meeting of the parks commission will be held on Saturday evening in the Exhibition Association building on Second street, when the committee will organize. The method of procedure will be discussed. Among those who are members of the parks commission are: Mayor Armstrong, Lionel Gibbs, Dr. Torrey and W. H. Clark, who presided at the meeting.

Tenders for uniforms for the fire department have been received by the city commissioners. The tenders were referred to the fire chief. It is understood that he has recommended that the contract be let to Hobbins & Company. The tenders range from \$24.75 to \$32.25 a suit for single-breasted suits and from \$12.50 to \$15.00 each for either double-breasted suits, Benson & Grubb made single-breasted suits. T. ALBERTA COLLEGIANS HOLD CONVERSATION

Hundreds of times spent an enjoyable time at the Annual Convention held at the South Side Institution last night.

The extension toward the University of the students of the annual convention of the students of the Alberta Theological college, which was held at the South Side Institution last night, was a very successful one. When four special cars were placed on the tracks, the homeward-bound students.

The students had sent out about five hundred invitations to their friends in the University and in the other colleges, as well as to many of the friends of the college in both sides of the river.

Clocks Well Illuminated. As the cars arrived at the present terminus of the line the passengers were met by a large crowd. The lights above the front window of the cars were turned on. Academic Standing. Some persons stand in the union church the standard of the ministry will be lowered, but in fact, the standard will be raised under the union system. In the Presbyterian church at a university course is strongly recommended, but for students unable to take the full course of study, there are two alternative corresponding to the Presbyterian and Methodist partial courses. The union church will be able to handle with great economy through the post office department. If the trunk house of the telephone system were handled by the government there would be a great saving.

Beneficent Funds and Church Property. The beneficent funds under the new union plan are safe and satisfactory, and on a whole advantageous to the beneficiaries, inasmuch as all ministers are paid on the basis of the union church, which will be required to be members and contribute to the fund.
